WORKS  
IN ALL  
THE  
LEADING  
OEM'S!

IN STOCK & READY TO SHIP

## UPGRADE SEAMLESSLY FROM 10G TO 25G

### DATA CENTERS/ ENTERPRISE/ 5G WIRELESS/ APPLICATIONS

The demand for 25G optics for the 5G roll out will exceed current usage of 25G optics in data centers.

25G allows for low-latency and is interoperable with 100G & 400G.

A large inventory of:

- > SFP28-LR
- > SFP28-SR
- > SFP28-BiDi, 10 to 40Km
- > SFP28-DWDM-10Km, C and I temp
  
- > Qualified in Cisco, Arista, Juniper, and other brands including Intel, Dell, HP, Mellanox, and Edgecore
  
- > Suggested sampling in Nokia, Ciena & Ericsson
